

JEFFREY A. BARTON, M.E., P.E.
PROJECT MANAGER
BRODERICK ENGINEERING LLC

Registration: Registered Arizona Civil Engineer - September, 2007
Registered California Civil Engineer - January, 2007

Education: Utah State University, B.S. Civil Engineering, May 2004
Utah State University, M.E. Civil Engineering (Structural Emphasis), May 2004

Experience: Project Manager in the structural design of various building types including; Commercial, Educational, Municipal, Religious, Medical & Residential, using Concrete, Masonry, Steel & Wood. Design also includes concrete & masonry retaining walls. Many of the projects require the review of shop drawings, site visits to help resolve construction conflicts, and special inspection for masonry construction as well as epoxy installations. Most of the design and my experience have been with Eneercalc, Excel, and AutoCAD.
